DEVON

No way I don't believe Birdman had everything to do with Wayne's tour bus getting shot up. That's his fam.

JASON

Wayne worth more dead than alive. You know people don't show you love until you six feet under.

DEVON

That's true.

Kelly enters and takes her seat. She takes another swig from her glass.

JASON

Babe, if you stop drinking so much you won't have to keep running to the bathroom.

Kelly flashes Jason an evil glare.

KELLY

Last time I checked I was grown. If I'm drinking too much for anybody at this table you can eat ten Mandingo dicks.

KELLY

Hey, hey, Devon I got a question for you.

DEVON

What's up?

KELLY

I've been with Jason for four years. Did you know I've never been with anyone else? You know intimately.

DEVON (indulging)

I didn't know that.

Jason looks shocked and confused.

KELLY

I want to know, do you think that's messed up?

DEVON

Well um\_\_

JASON

Why are you asking him about us? You just met him today.

KELLY

Cuz I am grown and I can ask him whatever in the hell I want to ask him and that sounds about White.

Kelly throws her hand up in Jason's face. She puts her hand down to take another drink from her glass.

KELLY (CONT'D)

Devon, hello, I got to repeat the question or what? Being with one person. Do you think that's messed up?

Devon is entertained by Kelly's drunkenness.

DEVON

N'all, n'all, I think that's cool. Ya know if you really love somebody you should stay with them and be only with them.

Kelly drunk giggles for no apparent reason. She stops giggling and straightens up in her chair.

KELLY (seriously)

See here's the gag. I'm not really sure I love this man. I mean, I used to love him, you know in the beginning. But now, I just don't know.

JASON

What the hell did you put in your drink to make you talk like this. We are engaged. Are you on drugs? (to Briana) Did you give her drugs or something?

BRIANA

No I didn't. Alcohol a truth serum. It makes you reveal stuff, things that you wouldn't normally say.

KELLY (to BRIANA)

Why do you need all the attention. You always got to be the loudest. You always got to be the boldest. Don't you get tired of putting on a show all day everyday.

BRIANA

I'm not gone apologize for having an outgoing personality.

KELLY

Ha, now that's a joke. You refuse to let anybody else shine.

BRIANA

You must be drunk, drunk. You ain't just tripping. You vacationing and shit.

KELLY

Bri, on God, what happened to you? Yo' mama didn't give you enough hugs when you was a baby?

BRIANA

I got my fair share of everything. Don't get mad 'cause I go out a get the shit I want instead of sitting on my ass waiting around for someone to notice me. I'm confident with mine.

KELLY

No, you're thotish with yours. You a fake ass bitch.

BRIANA

Hold up!

Briana stands.
